Let Sorry Mean It

[Verse 1]
No one is expected to be perfect
Let apologies have meaning
Truly acknowledging our failures
Living life and not dreaming

I hear the sorry too often
And it starts to sound like air
If you said it, then you meant it
If not, why leave it there?

[Pre-Chorus]
If you constantly apologize
Then show me what you'll do
Don't turn a wound to wallpaper
Don't let your words run through

[Chorus]
Let sorry mean it
Let sorry mean it
Put your hands in the work
Let sorry mean it

I'm not asking for flawless
I'm asking for truth
Let sorry mean it
And I'll meet you there too

[Verse 2]
If you never say I'm sorry
Then I see a different sign
Maybe you think the harm is small
Maybe you've crossed that line

Forgive me if I come off callous
I do not see me as ultra righteous
I just want all to be blessed
I just want peace for the rest

[Pre-Chorus]
So when the mirror gets honest
Don't look away from the cost
A mouth can say "my bad" all day
But the meaning's in what's lost

[Chorus]
Let sorry mean it
Let sorry mean it
Put your hands in the work
Let sorry mean it

I'm not asking for flawless
I'm asking for truth
Let sorry mean it
And I'll meet you there too

[Bridge]
We all trip up
We all bend
But a real repair
Has a beginning and an end

Say what happened
Own the scar
Then make it right
That's who we are

[Final Chorus]
Let sorry mean it
Let sorry mean it
Put your hands in the work
Let sorry mean it

I'm not asking for flawless
I'm asking for truth
Let sorry mean it
And I'll meet
you there too
